PROFILE

I'm an MCA graduate with a passion for Web Development, specializing in the Mern Stack. During my internship, I honed my skills in building dynamic web applications and became proficient in front-end technologies like HTML, CSS, JavaScript and React.js, as well as back-end development using Node.js and Express.js. With a strong foundation in computer science and problem-solving.

SKILLS

- Mern Stack
- Web Development
- HTML
- CSS
- JavaScript
- Bootstrap
- MongoDB
- Express.js
- React.js
- Node.js

INTERNSHIP

ASKAN TECHNOLOGIES | MAR 2023 - AUG 2023

- During my internship at Askan Technologies, I had the opportunity to work on a real-time project focused on developing an "Employee Appraisal System based on a credit system" using the MERN Stack technology.
- This experience not only exposed me to the intricacies of MERN Stack development but also allowed me to showcase my professional skills and dedication to the project. It was a valuable learning experience that enhanced my expertise in web development and project management.

EDUCATION

MCA - 86%

Pope John Paul II college of
Education, Reddiarpalayam
2021 - 2023

BCA - 62%

Rajiv Gandhi Arts & Science College,
Thavalakuppam ,Puducherry
2018-2021

HSC - 80%

V.O.C Hr. Sec. School,
Puducherry
year of passing - 2018

PROJECT

E-commerce website in MERN stack

- I designed and developed a fully functional e-commerce website using the Mern Stack.
- This project involved creating a user-friendly interface with React.js, implementing backend logic with Node.js and Express.js, and integrating a MongoDB Atlas.
- The website supports key e-commerce functionalities like product listings, shopping carts, secure payments, and user authentication.

CERTIFICATION

- MERN stack development in Askan Technologies
- React.js & JavaScript certification in DevTown
- Javascript - Basics to Advanced in Udemy
- C, C++, and Python in kalki institute
